SUPERVISOR:

Bob Bouwens reports that bringin of roads was done again this year with cost sharing from the road commission.

Bob continues to work closely with the road commission. He does routine ride-a-longs to assess the conditions of our roads and any projects. It is noted that the bridge construction is completed on 14-Mile Road.

Bob has been helping residents to organize potential spraying around lake neighborhoods if needed next year for gypsy moth control. The quote by the spray company is 55.00 per acre. You may contact Bob to help organize your neighborhood or to connect with one already established.
